AGRICULTURAL IMPLEMENTS, MACHINERY, FIELD AND GARDEN SEEDS, FERTILIZERS, &c.

SEIIS, FERTILIZERS, &c.

THE undersigned is now prepared to furnish the above mentioned and all articles pertaining to the agricultural susiness at the lowest market rates; having just returned from a tour through the northern and New England States, where he has visited a large number of the principal agricultural manufacturing establishments, from which he has taken great paties in nedecting a choice assortment of implements and machinery of all descriptions. He has also made arrangements to be at all times in receipt of any important improvements that may take place in the agricultural line. Another very important feature in this new establishment is, that the proprietor is a practical agricultural machinist, with an experience of twelve years. He has thereby acquired a thorough knowledge of this business in all its various branches. He therefore feels justified in saying that he can obtain and furnish all articles in his line on as reasonable terms as any house in this country.

can obtain and furnish all articles in his line on as reasonance terms as any house in this country.

Machinery of all descriptions repaired at the shortest notice and on the most reasonable terms.

With the above experience and facilities for conducting this business, (which is all important,) he respectfully solicits the patronage of the farming community and public generally. It shall always be his object to piease.

Yours, very respectfully.

Nora.—1. All the streets are 60 feet wide, and run north and south, east and west.

2. Each square, in the plan, fronts 250 feet on streets running east and west, and 220 feet on streets running north and south, and (with its partion of the streets and alley) contains about two acres.

3. No payment of even the \$10 is required till it is ascertained, by the number of subscribers, that a city is to be built; in which even the value number of subscribers, that a city is to be built; in which even the value number greatly exceed the rost.

4. In the partition the 10,000 ists will be represented by tokens, with the number of square and of lot on each. These tokens will be put in the same vessel with 2,500 similar ones, marked '11 share of stock.' In another vessel subscribers' names will be put, (each name repeated according to the number of shares he may lave taken,) and in the drawing, as in the division of large extates among numerous heirs, each will thus have an equal chance with any other of getting a share of Spring stock, or the more highly valued lot.

The 2,500 who get the shares of stock will, for the aggregate sum of only \$25,000, get the 55 acres, including the Sulphur Spring, the buildings, (assessed at \$80,000,) and the furniture.

Those who get suitable building lots for large hotels may be still more successful, while those least fortunate will get building lots of 25 to 100 feet, that must be worth, as the population increases, much more than the cost.

5. Sobscription lists and lithographic plans of the proposed city are left at most of the beokstores and other public places in this city. The agents having them can become the representatives of the respective subscribers, and in surrendering the lists can get assurance of the deeds. The payments and the drawing are desired to be at the same lime, or the subscription may be deposited in any solvent bank, to be publ to Robert Hudgin on the day of partition.

Letters to the subscriber in this city will receive attention from Aug 1
